UNIQUE PLAN UNDERTAKEN TO START VOCATIONAL SCHOOL

Indianapolis, Aug. 7.—As gleaners following behind the reapers, women are gathering wheat from the fields of Indiana, selling it to farmers at market prices and placing the money in a fund to establish a vocational school here for women and girls.

Mrs. Ethel C. Peters of Indianapolis, is founder of the scheme which has met with the approval of farmers. More than a hundred have volunteered to follow the reapers with sickles and knives and gather the waste grain from knolls, corners and other spots missed by the machines.

PATRIOTIC PLAY WEEK PLANNED FOR AUTUMN

Washington, Aug. 7.—Plans for a "Patriotic Play Week" to be observed in September or October throughout the country, have been announced by the children's bureau of the department of labor. The chief purpose will be to implant in the minds of children an association of the idea of patriotism with physical fitness, and the celebrations in many places will be conducted in connection with county fairs and carnivals.

DETROIT HEAT RECORD BROKEN

Detroit, Aug. 7.—All previous high temperature records were broken here yesterday, with 113 degrees at two o'clock in the afternoon.

Old Veterans Club Fast Nearing End

Stillwater, Minn., Aug. 7.—There was one more vacant chair this year when the ten surviving members of the Last Man's Club, formed in 1896 by 33 veterans of B company, First Minnesota Volunteers, in the war between the states, held its annual reunion.

The company was one of Minnesota's crack forces in the Civil war, and every member of the club had distinguished himself in battle.

Each year the survivors have met,

JAPS PLANNING MORE ACTIVITY IN SIBERIA

Tokio, Aug. 7.—Premier Count Terauchi, speaking of the Allied action in Siberia, said today that Japan would take further military measures if the position of the Czechoslovakia demanded it to combat the Austro-German menace in the far east.

THOUSANDS OF ITALIANS GLADDENED BY RED CROSS

The American Red Cross rolling canteens in Italy recently distributed to 7,000 Italian soldiers, packets containing socks, soap, cigarettes, chocolate, handkerchiefs, writing material and small mirrors and combs. Such packets will probably be distributed to some 40,000 more. They help to keep up the spirits of the fighters and are taken by the individual as evidence of America's direct participation in the war.

the fact that at present there probably are few German subjects left who have not in some more or less serious manner violated the existing government decrees and laws and made themselves liable to punishment.

The Vorwaerts, then cites the instances of the citizen, who on Sunday goes to the country to buy food for the owner of a large estate, whose chickens "lay" eggs only for a mark apiece, of the wife of the first lieutenant who sells the food articles received from her husband at the front at fancy prices and the army of usurers, secret traders and forgers.

The Vorwaerts then dwells on the efforts of the steel bath on the growing generation and cites complaints by the clergy and teachers to show that depravity is one of its results. The paper calls attention to what it describes as the "fruit of the best education as shown during the Radack-Hernstorf libel case." It adds: "When refined cavaliers of the most prominent society apply the most common names to each other and box each other's ears, then no one has the right to claim for one certain class, decency and well-behavior."

"The steel bath exerts its effects on everyone and splashes over the home of the proletariat as well as over the playground in the family of the count," concludes the Berlin publication.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infect the bowels. From this mass of left-over waste, toxins and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out the thirty feet of bowels the previous day's accumulation of poisons and toxins, and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember, inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Adv.

Salts Fine for Aching Kidneys

We eat too much meat which clogs Kidneys, then the Back hurts

Most people forget that the kidneys, like the bowels, get sluggish and clogged, and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then

SAGE-TEA DANDY TO DARKEN HAIR

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound today and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Adv.

Help Prevent Disease

DID you ever wonder why you do not have good health? Did it ever occur to you that clean food put into an unclean mouth poisons that food, and when it enters the stomach it is in a condition unfit for digestion. And yet, because you cannot see it in your mouth you go on neglecting it until too late, and you are obliged to seek treatment for an ailment which you could have avoided by "an ounce of prevention."

It is a well-established fact that hereditary influences affect the offspring. Improper food in infancy is one of the most prolific sources of lack of vitality and proper development, and this is especially true of the teeth. If young children are given food delicate in time and taste, their teeth will be soft, and will be less powerful to resist decay. Our teeth, with ordinary care, should last a lifetime. Man should die of old age rather than from some preventable disease at a premature age.
